

Vintage Amateur Radio Product Repair

Due to the inability to obtain the original equipment repair parts, R.L. Drake no longer offers factory service or technical support on amateur radio products. **Do Not Send Units to Drake. Contact List Below. Drake does not Repair in House.**

The following is a list of independent businesses which provide repair service for older amateur radio products. These individuals are **NOT** associated with R.L. Drake, LLC, and consequently **R.L. Drake accepts no responsibility in regard to the work they may or may not do for you.** We are simply providing a list of technicians, whose names have been given to us by your fellow amateur radio operators. If you need a reference, contact the individual and ask for a reference.
